

Dr Nitin Maheshwari

MD, MRCPCH (UK), CCT (Oxford) CONSULTANT – PEDIATRIC NEUROLOGY

Dr. Nitin Maheshwari is one of the most British qualified doctors in north India, who despite having very successful career in England, has decided to come back and work close to his roots. He holds MRCPCH (London) & CCT (Oxford), and has nearly a decade long experience of working in England. He has received higher specialist training in “Paediatric Neurology” at John Radcliffe Hospital, Oxford and certified to work as a consultant with National Health Services in United Kingdom.

He graduated from GR Medical College, Gwalior in 1997. He won six gold medals as a medical student including best boy medical student (1996) and B Nagraj gold medal for general proficiency. For his achievements as a medical student he was given award of best medical student of Madhya Pradesh state (1996) by Indian Medical Association. He completed his post graduate degree of Doctor of Medicine (MD, Paediatrics) from NSCB Medical College, Jabalpur in 2001. He was awarded with James Flett gold medal by Indian Academy of Paediatrics for best research work in India (2001).

Subsequently he decided to go to United Kingdom to broaden his experience. At this stage, he also wrote a book “Recent manual on PLAB” (Published by JAYPEE publishers in India and abroad, 2001) to help young Indian medical graduates in training for PLAB exam, an exam for entry into medical training in United Kingdom. He completed his MRCPCH in 2004 whilst working at St Mary’s Hospital for Women and Children, Manchester. He then joined five year long, highly structured training programme at Oxford, leading to post of consultant in UK. During this period, he received higher specialist training in paediatric neurology, neurophysiology, developmental paediatrics, neonatal neurology and neuro-intensive care at John Radcliffe Hospital, Oxford. He published many articles in international scientific journals, related to paediatric neurological conditions and evidence-based medicine, during

this stage. He achieved certificate of completion of training (CCT, Oxford) in 2009. Subsequently he worked as a honorary consultant (department of Paediatric neurology), John Radcliffe Hospital, Oxford, before deciding to move back to India.
